Presenters	Topics
<b>Ben Steffen</b> Maryland Health Care Commission (MHCC)	<b>Hospital Quality:            Reporting and Payment Reform</b> Maryland’s new hospital cost and quality report and payment strategy steers consumers to highest quality/lowest cost providers. MHCC is leading the way locally, and nationally. Ben Steffen will preview this value-based system, and highlight how employers can take advantage!
<b>Kelli Forbes</b> Aetna <b>Christina Stasiuk, MD</b> Cigna <b>Pat Czapp, MD</b> Anne Arundel Medical Center	<b>Accountable Care Organizations:            Promise and Reality</b> ACOs hit the health care industry with much fanfare about 5 years ago. Our panel will address how and whether ACO’s are achieving accountability and care coordination, from both the health plan and provider sides. And what is the purchaser’s role?
<b>Jim Polsfut</b> North American Specialty Hospital (NASH), Cancun	<b>Medical Travel:            Solving the Challenges</b> NASH is equipped with U.S. clinical protocols, U.S. quality metrics, U.S. local surgeons (including through pre- and post-procedure), U.S. accreditation, and an attached U.S. hotel, all less than 3.5 hours from most U.S. Cities. All at about 50% of the cost. Jim Polsfut will describe how NASH has answered the challenges of Medical Tourism.
